STAFF OPPORTUNITIES

Because of our lean business model, Taylor English typically employs a relatively small staff of exceptionally accomplished paralegals, administrative assistants and operational support professionals. These key individuals typically bring multifaceted backgrounds to their work. They are experienced enough to know how key tasks and processes must be completed, and are creative enough to “think outside the box,” delivering value and results.

When you work at Taylor English, you are encouraged to be resourceful and flexible, able to recognize and respond to the needs of a wide variety of attorneys. You’ll also have opportunities to take on significant responsibility within our comparatively relaxed environment of collaboration and teamwork.

Taylor English offers support employees competitive compensation and benefits. We maintain a high staff retention rate, which means that openings tend to be limited. However, we welcome resumes from qualified individuals who are likely to thrive in our high-achieving environment.
